Noah,

I want to thank you and your staff for FDEP's work with EPA on 404 assumption. Recently your staff provided revised language for the two required Memorandums of Agreement. Attached, please find both documents with our suggested modifications/changes. We have included a clean copy of each document and for ease of review a redlined document showing our suggested changes.

If you have any questions please let me know. Again thanks for all of the work you and your staff are undertaking in this effort.

Trey
